Under view, place a check mark on which comments you want to view or click view all. Then click view/edit

The screenshot shows a web application interface for 'FP18-0005'. The main content area displays a table of markups attached to the document 'FP18-0005 Final Plat.pdf'. The table has columns for 'View/Edit', 'Markup Name', 'Author', and 'Date'. Three rows of data are visible:

View/Edit	Markup Name	Author	Date
<input type="checkbox"/>	DME Final Plat Markups	Daniel Howington	2/21/2018 2:41:08 PM
<input type="checkbox"/>	FIRE	Chris Athens	3/7/2018 8:43:36 AM
<input type="checkbox"/>	Mark L. east	Mark L. east	2018 10:07:45 AM

Below the table, there are buttons for 'View All', 'Clear All', and 'Select All for View'. A callout box from the text above points to the 'View/Edit' column and the 'View All' button.

It will open another screen and you will see the drawing.

The screenshot displays a software interface for reviewing a technical drawing. The main area shows a detailed site plan with various annotations, including a red square and lines pointing to specific features. The drawing includes a north arrow and a scale of 1" = 100'. The interface includes a top menu bar with options like 'Annotate', 'Review', 'Redact', 'Tasert', and 'Publish'. On the right side, there is a sidebar with several sections: 'ONE Plan Stamp', 'Comments' (with a comment from Mark Ladd dated 03/01/2018), 'GENERAL COMMENTS AND INFORMATION', 'Standard Notes', 'Surveyor's Certification', 'PRELIMINARY' stamp, and 'Approval Block'. The bottom of the drawing area contains project information, including the company name 'REALSEARCH OF TEXAS, LLC', the project name '45.165 ACRES', and the date 'March 14, 2018'.
