

Join the Program!

Support Denton business vitality by joining the "S.H.O.P. Denton" program.

The S.H.O.P. Denton initiative is a free education program for consumers and businesses. Its primary goal is to optimize the quality of life in Denton by increasing the available sales tax for supporting essential City services.

By joining the program, you are showing your customers that you support the vitality of Denton businesses. Consumers are realizing they have more choices than ever when it comes to spending their hard earned dollars. Increasing community awareness about the benefits of shopping Denton, directly benefits your business by improving foot traffic and sales from existing and new customers. Educating consumers about the importance of shopping where they live and work not only improves our quality of life, but improves your bottom line as well.

Join the S.H.O.P. Denton program – it's FREE!

What do you need to do to be part of the S.H.O.P. Denton program? It's easy!
