

Energy Efficiency Application

Energy Efficiency Rebate Application

FOR CITY USE

Date Received: _____
Approved: _____
Deemed Savings kW _____ Deemed Savings kWh _____

Applicant Name: _____
Installation Address: _____
 If the landlord, please add mailing address here: _____
Square Footage of Property: _____

GreenSense Incentive Program

Electric Account Number: _____
Zip Code: _____
Phone Number: _____
Applicant (circle one): Resident Homeowner Tenant Landlord
Type of Construction (circle): Existing Heat System (circle): Gas Electric Heat Pump
 Residential Commercial

Qualifying Equipment

HVAC Type: Heat Pump Geo Thermal AC
 Installation Date: _____ Permit Number: _____ SEER (min SEER 16): _____ Upgrade Date: _____
 Tonnage: _____ AC Serial Number: _____ Material Type: _____
 Cost: _____ Evaporator Coil Serial Number: _____ Upgrade Type: Replacement Repair Cost: _____

RADIANT BARRIER
 Installation Date: _____ Reflective Value: (min 80%): _____ Square Footage Installed*: _____ Beginning R-Value: _____ Square Footage Installed*: _____
 Cost: _____ Type: _____ Brand: _____ Ending R-Value (min R-49): _____

SOLAR SCREENS New Construction (Y/N) _____
 Installation Date: _____ Percent radiation block (min 90%): _____ Square Footage Installed*: _____ Installation Date: _____ E-mail address: _____
 Cost: _____ Type: _____ Brand: _____ Cost: *Include separate from HVAC if installed together* Internet Connectivity? Yes No

WINDOWS (Window stickers must be attached.) New Construction (Y/N) _____
 Installation Date: _____ Number of Windows: _____ Square Footage Installed*: _____ Installation Date: _____ Tank Capacity: _____ New Construction (Y/N) _____
 Cost: _____ U-Factor (max .29): _____ Solar Heat Gain Coefficient (max .22): _____ Cost: _____ Model: _____ Orientation: _____

*Square Footage Installed - the area of efficiency improvement, *not the square footage of the structure.* For example, a 3' X 4' window= 12 ft²
