EMERGENCY VEHICLE: WHERE DO I PULLOVER?

What to do when an emergency vehicle approaches?

- In roundabouts, drivers must clear a roundabout if they hear (or see) an emergency vehicle coming.
- Do not enter a roundabout if you notice an emergency vehicle approaching.
- Drivers inside a roundabout should exit as soon as possible, then pull over.

Before entering the roundabout, move to the right so emergency vehicles can pass.

Do not enter a roundabout when an emergency vehicle is approaching from another direction.

If you're already in the roundabout, do not stop because the emergency vehicle may not be able to pass.

After you exit the roundabout, move to the right and stop so emergency vehicles can pass.

By law, drivers must pull over for emergency vehicles.
