

Street Closures Report

Week of September 9-15, 2019

The Construction Projects Report is updated weekly and reflects most City planned construction projects that impact traffic for a minimum of 5 days. Construction projects not listed on this report may not meet this criteria, or are not a City of Denton managed improvement or construction project.

Street/Intersection	From	To	Date of Construction	Date of Completion	Brief Description of Construction	Department	Letters	Other Communication	Department Contact:	Updated Information / Notes
