Forming a campus “Green Team” is strongly suggested to support the efforts of the Campus Coordinator and ensure success of sustainability initiatives. Successful teams might include the following members: school janitorial, cafeteria, and administration staff; teachers; students (age appropriate); and PTA representatives, such as an Environmental Chairperson. Additionally, some schools have a student group that champions the recycling program.

1. Does your school currently have a staff team or student group dedicated to recycling or environmental programs in the school?

   YES      NO

   If yes, briefly describe:

2. How has your school used the environmental award money from past years?
