2400 Long Rd.

North Lakes Rec Center

6-8 a.m. and 10 a.m.-3 p.m.

2001 W. Windsor Dr.

Drinking-Water Distribution (while supplies last)

The City is distributing bottled water for residents who are in need. Each vehicle will receive one case of water or three one-gallon jugs. Residents can also bring personal water bottles and containers to fill using the rec center's hands-free bottle-filling water fountains.

Access to Showers and Restrooms

The City has opened access to three recreation facilities for residents who need to shower and use restrooms. Towels and hygiene products are not provided.

Visit www.cityofdenton.com for more information.

Disclaimer: Water is being provided to you by the City of Denton in a disaster recovery situation. It is the responsibility of the individual to ensure that containers being used for water collection and transport are clean, free of contaminants, and are proper water storage containers. The City of Denton will not inspect the containers and will not accept responsibility for illness or any other damages that occur from the provision, collection, transfer, or storage of water provided.
