# CITY OF DENTON SOLID WASTE & RECYCLING SERVICES GUIDE

# SERVICE UPDATE

Solid Waste and Recycling service consists of a weekly collection of trash and recycling containers. Additional services, such as a scheduled collection of bulky waste, household chemicals, or brush are also available (fees may apply).

## TRASH AND RECYCLING COLLECTION

Customers will continue to receive weekly trash and recycling pickup. 95-gallon carts (holds seven 13 gallon bags) are \$25.04/month.

Services included in the monthly rate are bulky item collection (2 items weekly), brush collection (4 cubic yards or less), and home chemical collection. Please place carts out by the curb by 7 a.m. on your collection day.

## HOME CHEMICAL COLLECTION (HCC)

Home Chemical Collection is included as a service at the monthly rate. Residents can dispose of HCC by dropping it off in person or scheduling a curbside collection.

- Drop-off (During normal business hours) at 1527 S. Mayhill Rd. Bldg #300
- Schedule a curbside pickup by calling (940) 349-8700 at least one day before your collection day.

## BULKY ITEM COLLECTION

Included in the monthly rate, bulky items are household items that are not related to remodeling – including but not limited to sofas, mattresses, chairs, tables, and more.

Bulky item pick-up must be scheduled at least one day before collection by calling Customer Service at (940) 349-8700. Additional items may be scheduled at \$5 per item. If there is more material at the curb than what was scheduled, it will be collected and charged at the residential remodeling rate of \$25 per cubic yard.

## EXTRA TRASH BAG FEE

Trash bags left outside of trash carts will no longer be picked up as bulky items. Residents can have extra trash bags picked up for \$5 per bag for each bag left outside of their trash cart. Charges will be automatically applied to your utility bill and there is no need to call ahead to have extra bags collected.

## APPLIANCE & ELECTRONICS COLLECTION

Fridges, freezers, televisions, and computer monitors may be collected curbside with a \$20 handling fee per device. Other major appliances may be collected at no additional cost. Contact Customer Service at (940) 349-8700 at least one business day prior to your collection day to schedule a collection.

## YARD WASTE COLLECTION

Yard waste is no longer a subscription-based service. Yard waste includes grass clippings, leaves, and weeds that are placed in kraft bags or carts. Customers may place yard waste at the curb using one of the two options below:

- Cart Service: Purchase a \$20 Cart (one-time purchase)
- Kraft bags: Place an unlimited amount of paper kraft bags curbside. Kraft bags are available at local hardware or retail stores.

Place uncooked vegetable and fruit scraps in your yard waste, as well as loose coffee grounds.

## No plastic bags will be collected.

## BRUSH COLLECTION

Brush collection up to 4 cubic yards (about the size of four washing machines) of brush will be collected per week at no additional charge. Additional fees will apply for more than 4 cubic yards and will be automatically applied to your utility bill.

Brush includes limbs, branches, bushes, etc. All brush will need to be cut to 6 feet and placed curbside to ensure Solid Waste will be able to collect it. There is no need to call ahead to schedule brush collection.

**If you have questions regarding the changes made to any of these services, please call Customer Service at (940) 349-8700.**
